PRICE TEN CENTS

Leading contender for leadership of the British Conservative party in case ill health forces the retirement of Prime Minister Macmillan, is R. A. Butler, 61, deputy prime minister, shown above with his wife. Macmillan is in a London hospital after surgery and Butler is in charge of the government.

(AP Wirephoto)

Butler May Be Macmillan OK After Surgery

BLACKPOOL, England (AP) — Deputy Prime Minister Richard Harold Macmillan today underwent a successful operation for the removal of his prostate gland. A hospital bulletin said there were no complications after the hour-long operation and that his condition was excellent.

Macmillan was prepared for prostate surgery today in a London hospital, his party's leadership crisis moved toward an open trial of strength between Butler, 61, and two chief rivals.

The rivals are Lord Hailes, 56, science minister, and Reginald Maudling, 46, chancellor of the exchequer.

The battle was being fought so far mainly on the fringes of the party's annual conference, which opened in Blackpool Wednesday in an atmosphere of confusion caused by Macmillan's unexpected illness.

In the Tory headquarters hotel there were intense consultations and canvassing into the early hours today.

Peers, members of the House of Commons, elder statesmen and party bosses talked in the corridors and private suites. There were whispers, secrets, maneuvers and bargains.

Medical authorities in London expected the operation on Macmillan to be successful. But at the party conference, the conviction grew that he would resign as soon as party leaders settled on a political heir.

First Lady Will Visit Morocco

MARRAKECH, Morocco (AP) — Reliable sources said today Mrs. Jacqueline Kennedy is expected here Sunday for a visit of three days. The U.S. President's wife will be a guest of King Hassan II, who now is staying in this central Moroccan city. Mrs. Kennedy is visiting Greek islands aboard a yacht.

Weather

By The Associated Press

Upper Peninsula — Mostly cloudy with little change in temperatures this afternoon and tonight with a chance of a few widely scattered showers late tonight or Friday. Turning cooler Friday. Low tonight 44 to 52, high Friday 64 to 70.

Lower Mich. — Increasing cloudiness north this afternoon, mostly sunny south. Mostly cloudy tonight and Friday with chance of a few widely scattered showers Friday. A little warmer this afternoon and tonight, turning cooler by Friday afternoon or evening. Low tonight 45 to 54, high Friday 66 to 74 north and 70 to 78 south.

The sun sets today at 6 p.m. and rises Friday at 6:41 a.m.

The moon sets today at 2:47 p.m. and rises Friday at 12:25 a.m.

BURDEN GIVEN UP

BLACKPOOL, England (AP) — Prime Minister Harold Macmillan announced today he would not be able to lead the Conservative party at the next general elections.

Macmillan's announcement was

read to the annual conference of

the Conservative party by Lord

Home, foreign secretary.

The prime minister, who under-

went a successful operation for

removal of his prostate gland in

London today, said:

It is now clear that, whatever

might have been my previous

feelings, it will not be possible for

me to carry the physical burden

of leading the party at the next

general elections."

He is accused in a fire which

caused an estimated \$50,000 damage to a competitive self-service establishment last year.

Detroit police said the warrant grew out of a statement by James W. Wood, 17, who was first arrested in a burglary. The boy told the prosecutor's office Radcliffe had paid him \$5 to set the fire.

Tourist Assn. To Seek Funds For Advertising

By JEAN WORTH

MARQUETTE — The Upper Michigan Tourist Association got approval of its membership for a \$152,970 budget here Wednesday but Mahager Ken Dorman said that the big \$86,000 advertising item was only a target and that the actual spending for U. P. tourist promotion would be determined by solicitation efforts of the next few weeks.

Dorman said he and Clifford Liberty would be in the Delta-Schooncraft counties area to solicit funds in the preiod Nov. 18-22.

Because some counties, townships and municipalities reneged on their commitments to the UMTA in the year ending June 30, it lost about \$9,000 of expected and budgeted income, said Dorman. "Every \$1,000 of income we lost cost us \$1,800," he explained, "because the state matches our spending for advertising up to \$30,000."

"We're raising about the limit for two solicitors," said Dorman. "We'll be beating the bushes for the next 6 to 8 weeks for advertising income and our success will determine how much we can commit. We need to know 4 to 5 months in advance."

Need Matching Funds
"Next June 30 we may have \$10,000 additional matching income available to us from new state legislation. To get it we would need \$12,500 of additional U. P. spending."

"Next summer's tourist business in the Upper Peninsula is going to be decided by Dec. 31. How much can be assigned for promotion of touring next spring is going to determine pretty much how your business is going to be next summer."

Dorman said the UMTA budget for 1962-63 was \$4,000 above actual spending for administrative needs, but for advertising it aimed at \$86,000 and only spent \$60,000, a shortage of \$26,000. UMTA needs to spend \$38,000 of its own funds to get \$30,000 in matching funds from the State Tourism Council.

The proposed 1963-64 budget proposes \$50,300 for literature and brochures, \$24,450 for direct mail inquiry answering,

\$8,545 for travel shows, \$8,800 for publicity, \$10,920 for newspaper and magazine ads.

Income Source

It counts for income from wholesale food, bottling and retail firms of \$21,600; from gas and car dealers, \$9,000; retail establishments like souvenir shops, \$24,500; tourist service operators like motels and rental concessions, \$16,000; banks, utilities and major companies, \$18,000; entertainment and tourist attractions, \$12,000; county units of government, \$18,500; State of Michigan, \$30,000.

On Sept. 30 UMTA had bills payable of \$14,352 of which \$4,698 was to suppliers and the rest to Dorman and another worker. In the few years of its operation UMTA, starting from scratch and the ruins of the old, defunct Upper Peninsula Development Bureau developed a budget nearly as large as the state's other tourist and resort agencies and operated with many fewer employees.

President Ken Slaten of Hulbert presided at Wednesday's meeting in the Northland Hotel. Chairman Carl Graves, Manistique, of the travel show committee of UMTA, obtained adoption of a code of authority which will give the coordinating committee charge of UMTA's booth at travel shows, require that 6 U. P. areas inform the committee by Dec. 15 who's going to staff each travel show. UMTA plans purchase of 100,000 imprinted shopping bags for distribution at the shows.

Al Gazvoda of the Michigan Employment Security Commission said it had trained 10 per cent of the Upper Peninsula's unemployed in training schools. Recent schools at L'Anse, Sault Ste. Marie and Ironwood for cooks and bakers turned out trainees who found jobs, 92 per cent in the industry. The other 8 per cent took other work. Gazvoda said employers' recommendations were the best guide to successful training courses.

Clove trees belong to the myrtle family and grow 30 to 50 feet high.

NMU Total Up 16 Per Cent

MARQUETTE — A record 4,344 students—19 per cent more than a year ago—are being served by Northern Michigan University this fall, according to Dr. Clarence M. Bjork, dean of admissions and graduate studies.

Dr. Bjork said on-campus enrollment totalled 3,548 students, 16 per cent more than the 3,061 students enrolled last fall.

The on-campus enrollment includes 2,979 undergraduates, 219 graduate students, 20 special and guest students and 330 students enrolled in the center established at K. I. Sawyer Air Force Base.

A geographical analysis of the on-campus enrollment confirms the regional nature of the university; 2,364 students or 73.5 per cent of the student body are from the Upper Peninsula and 185 or 5.7 per cent are from out of state.

Northern's enrollment has increased more than seven-fold since 1953 when 581 students were enrolled.

Enrollment Up To 247 Total At Bay College

Bay de Noc Community College has a total enrollment of 247, considerably above the estimate for the school's first year, and the projection is for an enrollment of 440 students next year.

"Our first year estimate was for a conservative 180 students," said Richard Rinehart, president of Bay College. "The expectations have more than been fulfilled, for we have 111 fulltime students and 136 who are taking anywhere from 3 up to 11 credits."

This encouraging experience convinces Rinehart that the plans for a total of 440 will be met next year. The friendly and cooperative reception of the college, the community's first institution of higher learning, is another indication of growth. Groups and individuals have been generous in offering scholarships.

OVER 100 IN U. S.
Across the nation the growth of the community (or two-year) college has been one of the most remarkable aspects of higher education. Predictions are that by 1970 three out of four college-bound high school graduates will first enroll in the two-year community or junior college.

Educational experts say that four-year colleges will not be able to accommodate the millions who will be seeking entrance by the end of this decade, and that the community college will fill the gap with "a new college for a new society" in which "the man with only his labor to sell has almost nothing to sell."

In the early 1900's there were perhaps about 10 two-year colleges in the U. S., and now there are more than 700. The first two-year college appears to have been Lewis Institute of Chicago, which opened about

1900. California in 1907 enacted the first law providing for public community or junior colleges.

Roof Repaired

Generally the story of the community college appears to be one of expansion. The only other two-year college in the U. P. is Gogebic Community College in Ironwood.

Delta County's community college is housed in two first floor halls of the former Escanaba senior high school.

In an effort to extend the life of the building, workmen are applying a new roof after completely removing the old tar and gravel surface and replacing it with new materials.

"Leaking water has caused damage to all levels of the building," said Rinehart. "The new roof will extend the life of the building."

The two first floor halls, one on the east and the other on the west side of the building, are all that is being used for Bay College purposes this year. They have been completely remodeled and modernized.

The local unit has openings for any young men in the area interested in enlisting in the Army's Reserve program as a means of discharging his military obligation to his country.

CHURCH CHANCEL

The chancel of a church is so called from the fact that it is once enclosed with cross-bars or latticework. "Chancel" stems from the Latin word "cancelli" meaning "crossbars."

Eben Man Killed

MUNISING (AP) — An Eben Junction resident, Jalmar Maki, was struck by a car and killed Wednesday night while walking along M 94 about 20 miles southwest of Munising. Police said the driver was blinded by headlights of an oncoming vehicle and failed to see Maki, described as in his 70's.

At a special ceremony at the Army Reserve Center in the 700 block Ludington St. Monday evening, Lieutenant Carr will be presented with his captain's bars by Major Nathaniel Clark, of Calumet, who is the Army Reserve's Calumet sector commander.

The local unit has openings for any young men in the area interested in enlisting in the Army's Reserve program as a means of discharging his military obligation to his country.

Escanaba Asks Tourist Office

Escanaba invited the Upper Michigan Tourist Association at its annual budget meeting in Hotel Northland, Marquette on Wednesday to consider an invitation to locate its headquarters in Escanaba.

The agency, headed by Manager Kenneth Dorman of Houghton, now has its headquarters in Marquette.

Gust Asp, president of the Escanaba Foundation, the city's industrial promotion agency, said that he had noted the failure of the Marquette city commission to give support to the Association, which is getting financing from both the City of Escanaba and the Delta County Board of Supervisors.

Asp said that he had been active in the Upper Peninsula Development Bureau, predecessor of the Tourist Association, for 30 years and also in the Upper Michigan Industrial Association. He said Escanaba would welcome the agency.

Escanaba City Manager George Harvey said the city would provide a suitable building for rent by the Tourist Association and otherwise give it support. He invited the Association to send a site committee to Escanaba to see what the city offers.

President Ken Slater, Hubert, of the UMTA said he would name a site committee and it would have a report before April.

The Upper Peninsula Development Bureau was organized in Menominee in 1911 and had its headquarters in Escanaba for a time before moving to Marquette, where it has been for more than a quarter century.

In Service

John C. Colvin, seaman apprentice, USN, son of Mr. and Mrs. Clovis Colvin of 509 S. 14th St., Escanaba, visited Palermo, Sicily, aboard the destroyer USS Forrest Royal early in September when the ship made that port her first stop in her current Mediterranean deployment.

During the stop in Palermo the ship was visited by a large group of orphans. None of the sailors spoke Italian and none of the orphans spoke English, but for two hours the orphans were guided around the ship through gestures and demonstrations. Later, a lunch of cookies, lemonade and ice cream and a western movie gave the children and the sail-

Mrs. Ringstad Dies Suddenly

Mrs. Paul Ringstad, 60, of Milwaukee, a former Escanaba resident, died at 3:30 p. m. Monday of a heart attack.

The former Sara O'seen was born in Escanaba on Aug. 13, 1903. She resided here until her marriage to Paul Ringstad then moved to Duluth where they lived until his death in 1957. She returned to Escanaba for a short while and then moved to Milwaukee.

Survivors include: a daughter, Rita in Anchorage, Alaska, a son Floyd in California, four brothers, John, Ole and Axel of Escanaba and Emil in Milwaukee and three sisters, Mrs. Gus Johnson, Green Bay, Mrs. Philip Benkler and Mrs. Antonie Ringstad, Milwaukee.

Friends of the family may call at the Ritter Funeral Home, 54th St. and North Ave., Milwaukee, today where funeral services will be conducted at 1:30 p. m. Friday.

John O'seen with his daughter Mrs. Jesse Stacey and son Ray and Axel O'seen with his daughter Mrs. John Holmes will attend the services.

ors an opportunity to strengthen their friendship.

The Forrest Royal arrived in the Mediterranean late in August and is serving as part of the Sixth Fleet's destroyer patrol force.

Trenary Youths Plead Guilty On Game Charge

Three Trenary youths paid a total of \$61.90 in fines and costs after pleading guilty to a charge of making use of artificial light to hunt deer.

The young men, John Flynn, 22, Alan Pasonen, 19, and Thomas Birk, 20, were arrested Oct. 7 at 8:45 p. m. in Matthias Township, south of Trenary. Conservation Officers Jim Geilhart of Trenary made the arrests and found a 22 caliber rifle in their possession.

They were arraigned Wednesday before William Dore of Munising.

Picking a name was easy for the newly-organized barbershop quartette representing the Escanaba SPEBSQSA. Two of the singers come from Gladstone and two are from Escanaba, so they called the foursome the Esky-Tones. They will be on the annual "Harvest of Harmony" program at the Oliver Memorial Auditorium Saturday night, along with four other quartettes and the Bay de Noe male chorus. Left to right in the picture above the Esky-Tones are: Marvin Johnson, lead; Richard Schmeltzer, tenor; Edward McCarthy, baritone; and Donald Hirn, bass. (Daily Press Photo)

James G. Ward Jr., Associate Publisher Jean Worth, Editor

Welcome, Educators

Escanaba is host today and tomorrow to the annual conference of the Michigan Education Association members of the Upper Peninsula, with more than 2,000 teachers and school administrators invited.

The meeting is an opportunity for learning by the public as well as by the teachers. The schools, be they ever so familiar, are constantly changing and the MEA — the state's largest professional group — is a strong influence in the changes. It holds that for too long it has been thought by some persons that a good school could be operated more or less apart from the community. MEA believes that a good school can be created only in close and constructive relationship with its community.

It quotes Joseph K. Hart, American philosopher and educator: "The democratic problem in education is not primarily a problem of training children; it is a problem of making a community in which children cannot help growing up to be democratic, intelligent, disciplined to freedom, reverent of the goods of life, eager to share in the tasks of the age. A school cannot produce this result; nothing but a community can do this."

* * *

The schools were created by the people and are supported by them. They have proven the most practical and democratic way to provide learning for children, youth and adults. Growth would go on whether or not there were schools, but the American idea is that society is made for man and not man for society. For youngsters to have an opportunity to realize their potentials and achieve the dignity of fulfillment, it is necessary to have a society which respects and honors the individual. For such a society schools are a great agent of democracy. For this reason America has compulsory education.

For the schools to undertake the responsibility of free education for all through the 12th grade is a historic and unprecedented undertaking. Many of the problems and much of the criticism of schools arise from this fact. The presence of all our youth in the schools, instead of a selected few has done more to modify the school program than any philosophy.

* * *

High schools, until 1900, were small and selective. In this century the American culture has changed from a society for the relative few where education was for the few to one of education for the many.

Historically the Michigan Legislature has imposed few controls on the curriculum (course of studies) of local schools. Responsibility for educational planning has been left with local boards of education. The State Department of Public Instruction has worked to improve offerings with the Michigan Curriculum Program but it doesn't mandate the curriculum through state regulations.

MEA says the tremendous challenges facing education can be coped with only by a partnership action between the professional educator and the layman at the local community, state and federal levels.

* * *

Public schooling is under sea changes in Michigan. The state is withdrawing more and more state aid from local school districts and making them shoulder more of their own costs. And the federal government is moving more strongly to finance local government, and that means to control it. The more the process of Washington takeover progress, the more our historic system of local creation of local schools to serve local needs will erode away.

The transition seems not a willful change, but an evolution in which the local communities seem less and less inclined to solve their own problems, having lost a large measure of their pioneer dynamism, while socialization and federalization have inherited the dynamism. People reject local taxes and accept with protest the alternative of heavier federal taxes over which they have no direct control. They become citizens of Michigan less and citizens of America more; their influence and stature diminished and their dependency enlarged.

One For The Road

Speaking of "one for the road," ever hear of a 6,000-gallon Martini?

A western trucking company is shipping what would amount to just that in stainless steel tank trucks. The tankers have four compartments: bulk gin in one compartment, vodka in another, vermouth in a third and olives in the fourth. Reason is that shipping by bulk has been found to be cheaper than by the bottle.

This is the only instance on record where alcohol and driving go together successfully. It would be great if such spirits were always transported inside containers and not inside drivers.

Romney Top Man In G.O.P. Poll

WASHINGTON (AP) — Gov. George Romney came out best Tuesday in a poll of Republicans on which possible presidential candidates they could not vote for under any conditions.

The Louis Harris Poll, conducted by the Washington Post, said only 2 per cent of those polled said they could not vote for Romney under any conditions.

New York Gov. Nelson A. Rockefeller fared worst, with 19 per cent.

Holdup Suspect Captured Fast

DETROIT (AP) — In a chase over backyard fences, a Detroit policeman captured a suspect moments after a National Bank of Detroit branch was robbed of \$1,961 Tuesday.

Policeman Guido Venier was parked on his motorcycle a short distance from the bank when witnesses ran out shouting there had been a holdup.

He circled the block and saw a breathless man, who fitted the description of the robber, carrying a brown paper sack.

Venier gave chase through backyards and over two fences.

He finally cornered Gilbert L. Camp, 22. The sack with the money was found in a clump of grass. A sawed-off shotgun used in the holdup was recovered nearby.

Color Printing Ban Will Save State \$226,000

LANSING (AP) — Michigan will save \$226,000 a year by prohibiting multicolor printing on state publications, Gov. George Romney estimated today.

He said the regulation he is handing down to state agencies will not apply to the Conservation Department's monthly magazine.

But he said the rule for one-color printing for state publications, inter-agency and intra-agency materials "is an essential step in spending reform and should in no way affect the quality of these publications."

Fighter Pilots In Competition At Tyndall Base

PANAMA CITY, Fla. (AP) — Teams of Air Force fighter pilots were battling today for the lead in the worldwide fighter-interceptor weapons competition being held at Tyndall Air Force Base.

F101 Voodoos and F106 Delta Darts were competing in rocket firing at targets on the ground and at drones in the air.

Leader in the F101 class was the 322nd FIS from Kingsley Field, Ore., with 2,100 points. Second was the 62nd FIS from K. J. Sawyer Field, Mich., with 1,500 points, followed by the 445th FIS from Wurtsmith AFB, Mich., 1,397 points.

Isabella

Party for Guests

Mrs. Esther Bonifas entertained at her "Welcome Acres" home for her guests, Mrs. Stella Sungrow and Mrs. Mary Tupin of Lake Linden. Attending the party were Mrs. May McCoy, Miss Dorothy Ford, Mr. and Mrs. Arvid Sundin, Mr. and Mrs. Harvey Sundin and Mr. and Mrs. Gust Soderberg.

Committee Meets

A committee of Bethany Lutheran Church met Monday evening at the home of Mrs. Esther Bonifas who made plans for the annual smorgasbord.

Mr. and Mrs. Burton Peterson and children and Mrs. Harvey Sundin visited at the home of Police Sgt. and Mrs. Frank E. Bertetto, Wakefield.

Mrs. Mildred Miller of Grand Rapids is a guest of Miss Olive McClinchy.

Thresher Loss Takes Fathers Of 150 Children

EDITOR'S NOTE—The nuclear submarine Thresher sank six months ago with the loss of 129 men. How are their families facing the future, the heartbreak and loneliness?

By JAMES CALOGERO

PORTRUSH, N.H. (AP) — They put on a valiant front—the families of the Thresher men—but the heartbreak they suffered still shows through.

The Navy's underwater pride and joy, the nuclear submarine Thresher, sank with the loss of 129 men during a test dive 220 miles off Boston six months ago.

Since that day, April 10, the submarine has been waterlocked only a mile and a half out of reach—the depth of the water at her Atlantic grave.

Ashore, a girl, 3, scribbles a childish note and asks her widowed mother to mail it to daddy. The mother answers kindly and fights the tears.

A boy, 6, reminds his mother that daddy has been away to sea an awfully long time and asks when is he coming home. The mother tells a visitor she awaits the day the boy will understand.

In another home in the Portsmouth area, a 3-month-old boy his father is never to see gurgles, unknowing of tragedy. He was born three months after his father went down.

Loss of Thresher left 150 fatherless children. Aboard the subma-

B'nai B'rith 120 Years Old

WASHINGTON (AP) — Glad news today from B'nai B'rith, the American-born Jewish service organization, as it gets ready for its 120th birthday party:

Sandy Koutax is a member.

As you undoubtedly know, Koufax is a left-handed pitcher for the Los Angeles Dodgers, who humbled the New York Yankees twice in baseball's World Series.

Hence he is entitled to take his place along with such B'nai B'rith notables as Sigmund Freud, the subconscious prober; Bess Myerson, the onetime Miss America; Dr. Jonas Salk, who discovered polio vaccine, and Richard Tucker, the opera singer.

If the list seems unusually varied, well, B'nai B'rith leaders like to stress that the Jews, like every other group coming to this astonishing country, have a rich and varied history.

On Oct. 13, 1843, 12 Jewish immigrants got together in New York City, chipped in \$60 for a widows' and orphans' fund, and B'nai B'rith was on its way.

Now it spends more than \$15 million a year on various charities and service programs, has a large eight-story building here in Washington.

The families of the 112 Navy men received a death gratuity of six months pay. In addition they receive \$12 a month plus 12 per cent of base pay. Many of the men also carried national service and commercial life insurance policies.

The children of the Navy men are eligible for college scholarships which can be drawn from the Dolphin Fund—a private fund in Norfolk, Va., administered by the Navy.

The 44 children left by the civilians lost on Thresher will be eligible for scholarships from a special memorial fund established through public subscription.

Youth Crushed

LANSING (AP) — James Johnson, 18, of Lansing, was crushed to death here Tuesday when a gravel loader he was operating slipped over the side of a 20-foot embankment and pinned him beneath the side of the machine.

Auto Gas Kills Man In Car With Small Children

GRAND RAPIDS (AP) — The bodies of a man and two young children were found today in a car parked on a road some 12 miles east of here near Cascade.

Awaiting the arrival of a Kent County medical examiner, state police said all apparently were victims of carbon monoxide poisoning. A flexible hose was run from the exhaust system under the 1937 model auto through its trunk and inside the car, troopers said.

They said the victims apparently died sometime before 10 p.m. Tuesday night.

A driver's license found with the man bore the identification of Lewis A. Darling, 30, of Dalton Township, Muskegon County. Officers believed the children, a girl about 4 years old and a boy about 2½, were his.

ESCANABA AND MANISTIQUE

This is the "poor rock" pile at Ahmeek, Mich., gradually being eaten away by power shovels. Some 4 million tons of rock is in the miniature mountain. Previously considered too poor to process for copper to "junk" is now processed by a flotation milling process and 6 to 10 pounds of copper are recovered from each ton of the rock (AP Photo)

'Junk' Is Mined To Get Copper

By EARL J. GAGNON

Of The Houghton Mining Gazette
HOUGHTON (AP) — The Michigan Copper Country is mining "junk" as well as ore now days. And it is getting the same thing out of them — copper.

The "junk" falls into two classifications: "Poor rock," discarded in lush days as containing too little copper for processing, and "stamp sands," wastes from yesterday's less efficient ore milling.

There are millions of tons of "junk." Stamp sands, enough to run a mill three years, all but choke Portage Lake in spots. There are miniature mountains of poor rock, some four million tons in one pile at Ahmeek.

Today's flotation milling methods permit recovery of 6 to 10 pounds of copper from every ton of "junk" and all one has to do is pick it up and cart it to the mill.

The cost of mining the "junk" long ago was wrung out of the good rock that came up with the poor and the copper creamed out in the original stamping (crushing) of ore.

Rich Lode Found

Coupled with mined ore, the "junk" provides around-the-clock, seven-day weekly operations of the Copper Range Co.'s ore "mill" plant at Freda and of Calumet & Hecla's at Lake Linden.

Don't get the idea copper ore mining is gasping its last on the Keweenaw Peninsula that juts from the top of Michigan's Upper Peninsula out into Lake Superior.

Copper Range Co. operates the so-called Champion mine at nearby Painesdale, employing a total of 170 miners and millers, plus

Noted Detroit Attorney Dies

DETROIT (AP) — Services will be held Saturday for Charles A. Roxborough, long-time Detroit attorney and civic and political leader. Roxborough, 75, died Tuesday after a short illness.

He was the first negro ever

elected to the Michigan state Senate, serving as a Republican in 1931-32.

He was a former member of the old Michigan Unemployment compensation Commission, the Detroit House of Corrections Commission and the Wayne County Board of Supervisors.

Driver Pays Up Ticket For 1936

LANSING (AP) — A Lansing woman explained in a letter to Municipal Court this week that she ran a red light in 1936, never was ticketed for the traffic offense and wanted to make amends. She enclosed \$2. "I just want to make Heaven and the only way is to make everything right here. Please forgive me for not paying it sooner," she wrote.

million to its prospector-investors. C. & H. also has reworked stamp sands from Torch Lake at its reclamation plant near Tamarack Mills, and Quincy Mining Co. has reclaimed millions of dollars worth of copper at its Mason plant, using sands deposited there from about 1890 on.

Two other large deposits of stamp sands are being analyzed for possible milling. They are the Mohawk-Wolverine sands at Gay on the eastern Lake Superior shore and the Isle Royal sands, a dump of 15 million tons lying below U.S. 41 as it skirts along a Portage Lake bluff between Houghton and Chassell.

Diggings up to now, however, have widened the lake some 150 feet, and Copper Range plans to begin dredging again with the coming of spring.

Calumet & Hecla estimates its miniature mountain of poor rock at Ahmeek will take a minimum of eight years to use up.

C. & H. already has reworked the stamp sands of the old Cliff Mine, the first big dividend-paying strike in the Keweenaw Peninsula's tip. Operating from 1843 to about 1900, Cliff paid some \$2

Prospects Good For Buying

ANN ARBOR (AP) — Consumers think it is "a good time to buy," the University of Michigan's Survey Research Center says in forecasting the economy will "continue to show considerable strength" for the next six months or so.

The center released a report Tuesday which showed consumer sentiment was found "cautiously optimistic" in an August survey.

"There is a growing feeling that prices are low or reasonable and that good buys are available," the center said, adding: "Such attitudes have, of course, favorable implications for demand in the months ahead."

The center reached its conclusions through a nationwide, cross-section sampling of 1,350 adults.

Cars Move Briskly

In forecasting "considerable strength" over the next six months, the report said "the upward trend in personal incomes reinforces this conclusion."

"Plans to buy new cars are as frequent as a year ago," the center said, adding that "a somewhat larger proportion of prospective buyers intend to go ahead with their purchase before the end of the calendar year."

While only slightly more than one-fourth of those interviewed expect Congress will pass a tax cut bill, about two-thirds of those questioned said they thought passage would be "a good idea."

And when asked what most people would do with tax savings, the center reported three out of four replied "they would spend the money."

The center said its Index of Consumer attitudes indicated a "slight deterioration" found last May had been "arrested, if not reversed," by August.

The November index stood at 98.6; the May at 95.4 and the August at 96.2, and the center said that "more vigorous aid from the business and government sectors seems to be needed to sustain a high rate of economic expansion."

"In all income groups," the report continued, "short-term as well as long-term expectations regarding business conditions have improved since May...."

The improvement in business expectations seems to be attributable in part to the relaxation of international tensions, in part to the absence of unfavorable news.

Plenty Of Houses

"Plans to buy houses have been relatively high during the past 12 months and are now at the same level as a year ago. Ease of financing, 'reasonable' prices, and a large supply of houses on the market seem to be favorable factors in the eyes of consumers."

"Plans to make additions and repairs are down from a year ago in the middle and lower income groups. Plans to buy major household appliances also are lower than in August, 1962, except for refrigerators and kitchen ranges...."

"Attitudes toward personal finances must be judged to reflect a high degree of satisfaction and confidence, when compared with trends over the past five years. People's evaluations of recent changes in their personal financial situation had never been more favorable than in November, 1962. These evaluations were only slightly less satisfactory in May, 1963, and no significant change occurred between May and August, 1963."

Thirty-two per cent of those interviewed said they were "better off" financially than a year earlier. The percentage for August, 1962, was 31.

Sixty-three per cent of families included in the survey expected business conditions during the next 12 months to reflect "good times."

Trenary

Adopt Son

Mr. and Mrs. George Sawaya, Dearborn, announce the adoption of a baby boy, Michael Joseph. Mrs. Sawaya is the former Barbara Webber, daughter of Mr. and Mrs. Ralph Webber.

St. Rita's Mass
Daily Mass at St. Rita's Catholic Church will be held at 10 a. m. Thursday, Friday and Saturday of this week.

Mr. and Mrs. Erwin Harris and sons, Iron Mountain, spent the weekend with relatives.

The First Lutheran Choir will rehearse at 7:30 p. m. today.

Recent guests at the Walter Cunningham home were Mrs. A. Knaup, Ypsilanti, Mrs. Anthony Kopus, Mr. and Mrs. O. Eiken and daughter, Traverse City, Mrs. Amy Finlan and Mrs. Leslie Dunbar, Detroit.

Mr. and Mrs. Ludwig Knaus Traunik, recently returned from a trip through Canada and the Eastern states.

Julius Sivula, a patient several weeks at Munising Memorial Hospital, has been transferred to Superior Nursing Home, Munising.

Mr. and Mrs. Clyde Dart are in Ann Arbor where their infant son is hospitalized.

Tenure Holds Spotlight At MEA Meeting

Twenty-four states and the District of Columbia now provide tenure for their public school teachers. The Michigan Education Association through its members and with public support hopes to make Michigan number 25 with a tenure law.

The topic of tenure was on the lips of most of the 2,500 teachers and the speakers at the U.P. regional MEA conference being held in Escanaba today and Friday.

Dr. E. Dale Kennedy, MEA executive secretary, speaking at the first general session today, said MEA defines tenure as "the principle of provision for probationary periods and then assures positions as long as the teacher continues to give satisfactory service."

Needed Statewide

He said that good administrative practices are encouraged, and the principle of tenure has been recognized by most major colleges and universities for a number of years.

"A careful study of tenure in the 59 school systems of Michigan where tenure has been adopted locally has convinced the MEA board of directors that this important principle should be applied on a statewide basis," Kennedy said.

He scoffed at opponents of tenure who say it will blanket in incompetent teachers. He said there is no excuse at any

time, now or in the future, for school boards to employ or to keep incompetent teachers, "tenure or no tenure."

Kennedy and Andrew McIntosh, MEA conference chairman, called upon the teachers to assist in the circulation of petitions to bring the tenure question onto the ballot next year. The hope is for 600,000 or so signatures.

Quality Teachers

Glenn E. Snow, assistant executive secretary for lay relations of the National Education Association, also joined in the tenure chorus. Snow spoke at the first general session today.

"A poor teacher is not protected but a good teacher is rewarded" through tenure, he said.

Boards of education under tenure are made "doubly responsible" to obtain good teachers and for that reason alone tenure would be helpful in Michigan as it has been in other states, he said.

Snow discussed some of the community pressures and prejudices that affect the public schools, noting that education is on trial and with it the American way of life.

"Free public schools serving the educational needs of all of our people are a part of the American tradition," Snow declared. While legislatures have the authority, they largely delegate to local school boards and to the parents and people of the community the decisions on curriculum in the operation of public schools.

American Way

The viewpoints of those who think of education as a cost and those who look upon the schools as an investment. "This is an investment that pays the American people better than any other investment they can make," he said. The schools are caught, he noted, in fights among those who would change basis of taxation: Labor opposes a sales tax, business and industry oppose an income tax, and property owners are another group that bring the problem of school financing into conflict.

The third general session of the conference will be held at 11 a.m. Friday in the gymnasium of the Area High School. The speaker will be Bob Richards, world-renowned athlete and lecturer, whose discussion of "Motivation for Living" will be broadcast by Radio WLST.

Also scheduled to address the teachers at the Friday session is Octavious Townsend, MEA president and Ishpeming teacher.

Death Claims Mrs. Grunditz Of Bark River

Mrs. Ida Grunditz, 86, of Bark River, former resident of Escanaba, died at 1 a.m. today at Pinecrest Medicare Facility, Powers, where she had been a patient two years. She was seriously ill the past month.

She was born Feb. 21, 1877, in Gottland, Sweden, and came to the United States to live in Escanaba in 1926. Several years ago she moved to Bark River to live with her daughter, Mrs. Gillard Pearson.

She was a member of Bark River Methodist Church.

Surviving are the one daughter, two grandchildren, three great grandchildren, and two sisters, Mrs. Oscar Berglund, Escanaba, and Mrs. Lilly Lohgren, Stockholm, Sweden.

Friends may call at the Boyle Funeral Home, Bark River, after 2 p.m. Friday. Funeral services will be held Saturday at 2 p.m. in the funeral home chapel with the Rev. J. Bruce Brown officiating. Burial will be in Gardens of Rest Cemetery.

Worried By Fallout

S.P.E.B.S.Q.S.A. Inc. members are reminded of the extremely important meeting to be held tonight at the Carpenter's Hall at 8:00 p.m. This will be the final meeting before the Harvest of Harmony on Saturday night.

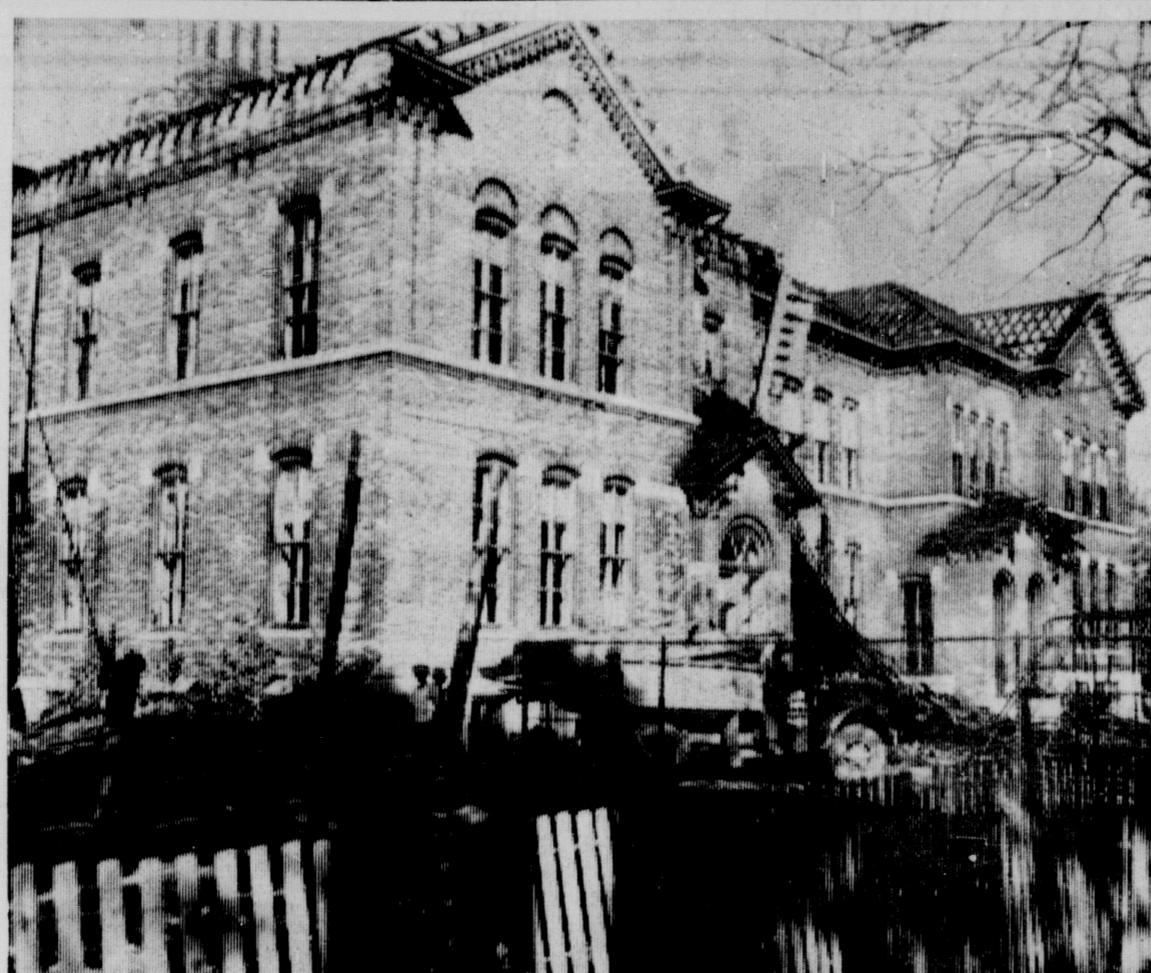

Traffic Court Summons

have been issued by Escanaba police to John Butrynowicz, 1611 2nd Ave. S., speeding; Brian L. Berkholz, 1405 Washington Ave., defective brakes; and Floyd Nelson, Cornell Rte. 1, speeding.

Vincent D. Borg of the U.S. Department of Immigration & Naturalization will be in the Delta County Clerk's office between the hours of 9 and 10:30 a.m. on Friday. Anyone desiring information on any of these subjects may call at the office. No appointment is necessary. The clerk's office is located in the County Building.

Pauling was elected to the Soviet Academy of Sciences along with 30 other foreign scientists. He received the Gandhi Peace Prize in 1962.

Delaware was the first state to adopt the Constitution.

The 82-year-old Franklin School building is coming down to clear the site for the construction of a new one. The school board accepted the low bid of Radzinski Brothers, Oconto, to remove the structure built in 1882; and has approved a proposition to ask the voters for about \$200,000 to construct a new nine-room plus multi-purpose room building. Date of the election has now yet been set.

(Daily Press Photo)

Bay de Noc Community College (housed in the former Escanaba senior high school) is getting a new roof. The work is being done by the Bay de Noc Roofing Co., the low bidder, and the workman at the hoist is George Chouinard. The need for a whole new roof had not been anticipated, said Richard Rinehart, Bay College president.

Peace Prizes Awarded Today

OSLO, Norway (AP)—A Nobel Peace Prize was awarded today to scientist Linus Carl Pauling, a U.S. foe of nuclear tests who long has been a center of controversy in his own land.

It is the second Nobel Prize for the professor of chemistry at the California Institute of Technology. In 1954 he won the chemistry award for his research into the forces that hold molecules together.

The Norwegian Nobel Committee announced Pauling will be handed the prize for 1962. No award had been announced for that year.

The 1963 peace prize will go to the International Red Cross Committee and the League of Red Cross Societies.

Dr. Pauling's prize amounts to 254,219 Swedish kroner (\$49,465) the two Red Cross groups will share the 1963 prize of 265,000 kroner (\$50,961).

Ceremony Dec. 10

On the day of the award the committee does not state its reasons for making it. It will be outlined Dec. 10 when the prize is handed over in a ceremony.

Only one other individual has won more than one Nobel prize. Mrs. Marie Curie received the chemistry prize in 1911 and had shared a physics prize with two others in 1903.

Dr. Pauling, an outspoken man, was an early campaigner against nuclear tests, insisting they posed a serious threat to the health of mankind now and in future generations.

The State Department refused to issue him a passport in 1952 on the grounds he was suspected of being a Communist. Pauling denied this under oath, but insisted on the right to speak his mind and choose his friends.

This independence of mind got him into trouble with his neighbors in World War II. He employed a youth of Japanese descent as a gardener at his home in Pasadena, Calif. His home was plastered with "Jap lover" signs. He was born in Portland, Ore., 62 years ago and was graduated from Oregon State College in 1922. Three years later he received his Ph.D. at the California Institute of Technology.

Worried By Fallouts

After study in Munich, Zurich and Copenhagen, he became professor of chemistry at California Institute of Technology in 1931.

The dawn of the atomic age set Pauling to worrying about what released radioactivity would do to the human race. He often disagreed with Atomic Energy Commission scientists who contended fallouts from their tests were kept at a safe minimum.

The first hydrogen bomb explosion convinced Pauling that such a vast destructive force made future wars impossible.

In 1958, he accused Dr. Edward Teller, a leader in development of the hydrogen bomb, of putting out misleading statements in arguing for continued testing.

In 1960, Pauling risked citation for contempt of Congress by refusing to give a Senate Internal Security subcommittee the names of scientists who helped him circulate petitions calling for a ban on nuclear weapons.

Pauling was elected to the Soviet Academy of Sciences along with 30 other foreign scientists. He received the Gandhi Peace Prize in 1962.

Arrangements for the tea are being made by St. Barbara and Helen's Circles. Official hostesses for the day will be Mrs. Earl Bryers, Mrs. Melvina Cameron, Mrs. Lawrence Helfer and Mrs. F. K. Bradley.

Friends may call at the Boyle Funeral Home, Bark River, after 2 p.m. Friday. Funeral services will be held Saturday at 2 p.m. in the funeral home chapel with the Rev. J. Bruce Brown officiating. Burial will be in Gardens of Rest Cemetery.

Briefly Told

Hoyer Heads

U.P. Power

Russell F. Hoyer of Hancock, for the past three years administrative vice president of the Upper Peninsula Power Co., was elected president and a director of the company by the board of directors in Houghton Oct. 8. He succeeds John H. Warden, president since 1948, who has been named chairman of the board and chief executive officer of the company.

A native of the Copper Country, Hoyer has been associated with the utility business for the past 36 years. In 1927 he was employed by the Power company's affiliate, the former Houghton County Traction Co. at its Hancock office; in 1932 he was promoted to purchasing agent of Houghton County Electric Light Co., predecessor to the present company, continuing in this capacity until 1941 when he took a leave of absence to serve with the 15th Division, U.S. Naval Reserve Unit of Hancock during World War II.

Following his active duty assignment at sea with the amphibious forces in both the Atlantic and Pacific theaters of war, he served as an assistant instructor in navigation at the University of Minnesota. He received his honorable discharge from the Navy in 1945 and returned to the company to resume his former position. He continued as purchasing agent until 1947 when he was named assistant to the president.

In 1951 Hoyer accepted a position as a consultant in the New York office of Stone & Webster Service Corp. In 1960, a period of noticeable growth for the local power firm, Hoyer returned to Houghton to accept the position of administrative vice president, continuing in this capacity until his recent advancement to president.

Hoyer is active in community affairs. He is a director of the Houghton National Bank and director and treasurer of the Portage Lake United Fund; a director of Suomi College of Hancock and is a member of that institution's executive committee and chairman of the Committee on Public Relations and Development. He is a member of the Houghton Rotary Club, Houghton Lodge of Elks, Alfred Erickson Post of the American Legion, a past master of Quincy Lodge No. 135 F&AM, and is an elder of the First Presbyterian Church of Hancock.

Warden has served the Upper Peninsula Power Co. as its president since 1948 and for the past 41 years has been associated with the utility business in various parts of the country. He has played an important role, not only in the growth of the Power Co. and the expansion of the electric power facilities of the area, but also in many programs of importance to the betterment of the economy and community development in South Viet Nam in late 1961.

Aboard the two H34 helicopters were four Marine officers, five enlisted men, a Navy doctor and two Navy hospital corpsmen. The bodies were being taken to Da Nang, a coastal city where the Marine helicopter squadron is based.

A military spokesman said the cause of the two crashes is under investigation by a team flown into the area today. One unconfirmed report said the helicopters collided in the air.

The two helicopters were on a search mission for a Vietnamese air force plane that crashed in a dive-bombing attack earlier Tuesday, 50 miles southwest of Da Nang.

The Vietnamese plane carried an American officer and a Vietnamese officer. They are listed officially as missing.

She made the statement in answering a question after her first speech of a 21-day tour of the United States.

The fiery sister-in-law of President Ngo Dinh Diem of South Viet Nam spoke to more than 1,000 persons at an Overseas Press Club luncheon Wednesday.

During a 1 1/2-hour question period, she was asked what she would do if she were president of the United States to insure defeat of the Viet Cong Communist guerrillas in her country.

She replied: "I think that panic is very bad,

but life can be good and pleasant without fear, if one knows that mentally, morally, one is prepared—that the whole people around us are prepared to meet the greatest danger of the times—Communism.

"So the first step would be to inform the people instead of being inclined to lull them into a false sense of security."

She said those were "impromptu" thoughts but she "may find other solutions afterwards."

Tax Deferral Clause Revised

LANSING (AP) — Gov. George Romney's top legal aide Wednesday promised the Senate Tax Committee he would take the citizenship requirement out of Romney's proposed tax deferral for the elderly.

The aide, Richard Van Dusen, also said Romney has no objection to removing the five per cent interest on taxes deferred or to taking the program out of the welfare department.

The three features, plus the clause requiring state liens on homesteads on which property taxes are deferred, had drawn opposition from senior citizens in hearings throughout the state.

Van Dusen indicated the governor would remain firm on the lien clause, which distinguishes his proposal from an outright exemption, or forgiveness, of homestead property tax for retired persons.

He said the clause gives Romney's bill "a basic advantage because it is self-financing."

He volunteered to delete the U.S. citizenship requirement before any of the six committee members questioned him on it.

"We had no idea how many non-citizens there are in Michigan who might meet other deferral qualifications," said Van Dusen.

Applicants also must be at least 60 (single women need be only 62), a Michigan resident for 10 years and sole owner of the homestead for five years.

He said applicants would have to show welfare officials they did not have an annual total income, including social security, over \$2,000.

Committee members Charles Blondy, D-Detroit, and William Milliken, R-Traverse City, said the "distastefulness" of going to the welfare office might discourage many self-sufficient senior citizens from applying for deferral.

Van Dusen told the committee Romney would have no objection to changing the place of application to the tax commission office.

Five per cent simple interest on taxes deferred would be charged under the bill, but Van Dusen told the committee this was "not basic or essential to the bill."

Soo Hill

Merry Homemakers
The regular meeting of the Merry Homemakers Extension Club was held Monday evening at the John Anderson home in Soo Hill. Gift items were collected for the Oct. 15 meeting at Bethany Lutheran Church. Mrs. Kenneth Beauchamp of Newhall and Mrs. Carl Mattson, Soo Hill, will attend this gift lesson. The next meeting will be at the Carl Mattson home Nov. 4.

Missing Patient Found In Woods

ALLEGAN (AP) — Searchers today found Gary Voss in a woods near Ely Lake, approximately nine miles southwest of here, after he had been missing nearly 18 hours from a group of hospital patients on an outing.

Voss, about 60, was reported missing Tuesday when he became separated from fellow Pine Rest

Christian Hospital patients on a group outing at the lake.

Two officers from the Conservation Department discovered him in good condition after a night in the open.

EARLY GREETINGS

Earliest printed Christmas card was that designed by John Calcott Horsley, an Englishman, in 1843. About 1,000 copies were printed and sold at a shilling each.

Stripper Gypsy Wants To Move

LOS ANGELES (AP) — Stripper Gypsy Rose Lee wants to shed Los Angeles and slip into something more becoming — Beverly Hills.

She and seven neighbors asked a Beverly Hills City Council committee Tuesday to annex their 9.1 acres. They said their homes, all in the \$75,000 to \$100,000 class,

were more closely identified with Beverly Hills than with Los Angeles.

The committee approved the petition and sent it to the full council.

MOSCOW (AP) — Yuri Gagarin, the first Soviet cosmonaut, left Moscow aboard a special flight

for Cuba, where he'll join woman cosmonaut Valentina Tereshkova.

Moscow reported the two then will go to Mexico to attend the 56th annual General Conference of the International Aeronautical Federation, opening Oct. 12.

WASHINGTON (AP) — Rep. Leo W. O'Brien, D-N.Y., would like one and all to know that he's too happy in the House to seek a seat in the Senate.

"I am not now, will not be next

year or at any future date, a candidate in the slightest degree, unwilling or unwilling, for the Senate," said O'Brien in an interview.

He has been mentioned as a possible challenger for Sen. Kenneth Keating, R-N.Y., but said O'Brien, he has no intention of giving up 11 years seniority in the House.

MIAMI BEACH, Fla. (AP) — Actress June Allyson and Glenn

Maxwell, 31-year-old men's hair stylist, are to be married Saturday at All Souls Episcopal Church in Miami Beach.

The 40-year-old actress is the widow of Dick Powell, actor and television producer.

SWASTIKAS

The clockwise swastika was the symbol of Germany; the counterclockwise one was widely used among the American Indians.

ESCANABA — GLADSTONE

Can America stand the test?

The challenges we face call for strong and wise leadership.

America's leaders must come from our colleges. That's where young people develop the knowledge, skill and vision leadership calls for.

But our colleges are in trouble. They are struggling with higher costs. Many need new classrooms, laboratory facilities and able teachers.

To stand the test of the future, we must back our colleges. College is America's best friend.

HELP THE COLLEGE OF YOUR CHOICE NOW!

To find out how the college crisis affects you, write to HIGHER EDUCATION, Box 36, Times Square Station, New York 36.

Published as a public service in cooperation with The Advertising Council and the Newspaper Advertising Executives Association.

Basement Damp Can Be Remedied

Damp basements can be caused by either condensation or seepage. Don't be too quick to think that water is leaking in from the outside when it may only be humid air condensing on the walls.

Cure for this situation is to eliminate as much of the moisture from the air as possible. Vent clothes dryer to the outside. Make certain that you are keeping water away from the house to begin with.

Gutters and downspouts should be in good condition so that water is properly drained away from the house. If there are low spots in the ground around your house, these can cause a build-up of ground water. Fill low spots with dirt. In extremely bad cases you may have to regrade your lot so that water runs away from the house.

Outside Source
Water from the outside is a more complicated problem, but one that is getting easier to solve, thanks to modern materials.

The fault may not be that of a poor foundation but of a poor drainage system around the house. While there is much you can do in the way of patching and covering to prevent water from entering, make certain that you are keeping water away from the house to begin with.

Generally a tarry substance, on the outside to keep out water. This coating should come just above ground level or water will seep in.

Check Inside

With the exterior checked you can turn your attention to the inside of your basement. General seepage—but not flowing leaks—can be cured with any number of waterproofing

compounds that are spread on like paint. Many are available in colors and can be used as finish coats.

Follow instructions exactly. Remove all dirt and loose mortar.

Cracks should be cleaned out and filled with a concrete patch material or a mixture of one part cement, two parts

sand and enough water for a stiff mixture.

Cracks and openings through which water is actively flowing should be patched with hydraulic cement. This is mixed and used immediately since it dries quickly.

Instant Seal

Latest waterproofing material is an epoxy plastic material that can be used to seal small cracks by just painting over them.

As with all epoxies instructions should be followed care-

fully. The material is available in one pound lots, covering about 20 square feet. Since it sets so quickly it would not be wise to try to handle more at one time. The resin and reactor should be mixed thoroughly since setting is by chemical action and any variation in the mixture will affect it.

Once mixed you have a short time (generally 15 minutes) in which to brush it on. Surfaces must be clean and dry. Most basements leak at wall and floor joints. Brush it on along

this joint and along cracks and porous surfaces. Spread the material on both sides of cracks so that they are well bridged. Another coat can be applied as soon as the first has hardened. More than one coat should be used where leaks are bad.

Tales for tots, schedules of city events and the voice of Santa Claus at Christmas are provided by the telephone company in Hull, England.

HOMES FOR AMERICANS

HOMES FOR AMERICANS
BEDROOMS can be reached from outside without crossing the living room, in Homes for Americans Plan HA312R. Each bedroom also has a six-foot-long closet, acting as an acoustical barrier for the bathroom. The U-shape kitchen is handy to the garage and to the washer and dryer. The garage also includes a work bench; a storage shed for garden supplies and tools is just outside. Jan Reiner, 1000 52nd St. North, St. Petersburg, Fla., 33710, designed this retirement home with 850 square feet of floor space.

but will the
Doorbell **V**itamins
do the job?

It's a point to consider in evaluating vitamin products sold by house-to-house vendors or other nonprofessional outlets.

Persons who buy vitamin products on a doorstep diagnosis of their vitamin needs depend on luck to select the vitamins their health requires.

In addition, they take a gamble that the vitamins have the right potency. If not, the product probably will do no harm but it certainly will not achieve the desired result.

Your physician and pharmacist are professionally trained in the matter of vitamins. Let their experience guide you in your selection.

Mackinac Gulls Switch To Bridge

St. Ignace—Sea gulls are

now, but they are just as tame and casual with strangers as their parents and grandparents used to be at the boat docks.

With the long string of cars, the boats—and the gulls—gone, the old ferry docks are quiet and deserted. The big concrete ramp which used to be filled with cars and people, waiting for a boat to cross to the Lower Peninsula, now is used by the State Highway Department for maintenance purposes.

That is when they meet up with the gulls.

Travelers haven't changed since the ferry fleet was abandoned for the bridge. They still feed swarms of the birds.

There is a new generation of

gulls now, but they are just as tame and casual with strangers as their parents and grandparents used to be at the boat docks.

People heading for Mackinac Island leave their cars on the old docks, or any other parking space they can find, and take private line ferries to the island.

But there still is one familiar sight—the old black and white "Chief Wawatam" still makes the run with railroad cars between here and Mackinaw City, and at the St. Ignace end, still ties up at its old berth at the railroad dock.

Briefly Told

Royal Neighbors will meet at the home of Mrs. Sarah Murray, 1225 Delta Ave., at 2 p. m. Friday.

State Police of the Gladstone Post ticketed the following motorists for traffic violations: Lloyd Nelson, Rte. 1, Cornell; excessive noise; Chester Ander-

son, Wells, driving on the wrong side of a divided highway; Eugene Lemery, Menominee, speeding; Harold Bjurman, Rte. 1, Rapid River, speeding; and Charles Burton of 302 Minnesota Ave., Gladstone, driving on the wrong side of an undivided highway.

A SOCIETY OF FRIENDS

Sign your own declaration of independence

You can do a lot for your independence—financially and personally—just by signing a slip of paper, like the one above, in your employer's office.

The paper is an application for the Payroll Savings Plan. It authorizes your employer to set aside a small amount from your paycheck (you decide how much) towards the regular purchase of U.S. Savings Bonds.

You hardly miss the money because you never see it. Your nest egg of Bonds builds up fast—automatically.

And while your Bond dollars pile up to give you more financial independence in the future, they help

guard your independence as a free American right now. These dollars help you give America the strength it needs to stand up to the enemies of freedom.

Why not tell your employer you want to join the Payroll Savings Plan—starting this payday? And see if you don't feel pretty good about it when you sign your name.

Quick facts about U.S. Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money anytime
- Your Bonds are replaced free if lost, destroyed or stolen
- You can buy Bonds on the Payroll Savings Plan

Keep freedom in your future with
U.S. SAVINGS BONDS

GLADSTONE

Investigate Two B&E's In Rural Areas

State Police are investigating two breakings and enterings which occurred in the area recently.

Gordon Anderson of Ensign, proprietor of Anderson's Mobile Service Station at Rapid River, reported that his station was entered sometime between the hours of 10 p. m. Tuesday and 7 a. m. Wednesday and \$15 in change taken.

Anderson told officers that a window at the rear of the building, which he always kept locked, had apparently been unlatched during the day by the intruder for his return later that evening.

Frank Waltenbough of Rte. 1, Gladstone reported that his cabin on County Road G-22, a half-mile east of M-35 in Brampton Township, had been entered in the past two weeks.

A window alongside the door had been broken. The intruder reached inside and unlatched the door. Nothing had been determined taken. The door was left ajar.

Detroit Council Rejects Housing Ordinance, 7-2

DETROIT (AP) — City Council Tuesday rejected 7-2 a proposed anti-discrimination housing ordinance, and Negro leaders called for protest demonstrations.

The council's decision showed "harsh reality of white opposition to Negro rights," the Detroit branch of the NAACP charged.

Pickets had marched overnight at the City-Council Building in support of the ordinance, which would have banned discrimination by reason of race, religion, color or national origin in the sale or rental of real estate. Owner-occupied homes would have been included.

The council's vote followed a state attorney general's opinion that Michigan's new Constitution, to take effect Jan. 1, would make any city anti-discrimination ordinances unnecessary.

Royal Neighbors will meet at the home of Mrs. Sarah Murray, 1225 Delta Ave., at 2 p. m. Friday.

State Police of the Gladstone Post ticketed the following motorists for traffic violations: Lloyd Nelson, Rte. 1, Cornell; excessive noise; Chester Ander-

Obituary

CHARLES H. BROWN
Funeral services for Charles H. Brown of Perkins were held at 2 p. m. Wednesday from the Kelley Funeral Home with the Rev. Albert Stover officiating. Burial was in the Perkins Cemetery.

Pallbearers included: John Gudwer, Donald Bannister, Mark Depuydt, Wayne Sharkey, Russell Reese and Steven Head.

INDEPENDENT SUDAN
Sudan became an independent country on Jan. 1, 1956, when Great Britain and Egypt hauled down their flags at ceremonies in Khartoum.

ZIP CODE
Under the U. S. Post Office's new ZIP (Zone Improvement Plan) code, everyone's address will be assigned to a five-digit number, according to the Britannica Book of the Year.

W. H. LaBelle Dies In Flint

William H. LaBelle, 58, of Flint died there Tuesday. He had been employed as a truck driver by Fisher Body Co. and had spent most of his life here in Flint.

Born in Manistique, May 11, 1905, he was married to Alice Lamkey of Garden, who survives, along with a daughter, Mrs. Alfred Swanson of Flint; five brothers, Edmund, Manistique, Alex, Newberry, Alfred, Frankfort, Leo in Montana and Elmer, in Florida, and a sister, Mrs. Lee Foote of Detroit. Four grandchildren also survive.

Funeral services will be conducted in Messier - Broullire Funeral Home at 1 p.m., Friday with Rev. Stephen Matheny officiating. Burial will be in New Garden cemetery. Friends may call at the funeral home beginning at 9 a.m., Friday.

Plan Open House For Harrington

An open house is scheduled Sunday to honor Edward Harrington, who will be 80 Oct. 17. He was born in Two Rivers, Wis.

Harrington, one of a family of nine children, came here in 1906 and worked as a commercial fisherman, city employee and police officer until retirement in 1948. He married Gertrude Jorgensen, Jan. 10, 1908 and the couple had two children, George and Marie, all deceased. He has one grandson, three great grandchildren and several nieces and nephews.

The open house is from 2 to 5 p.m., at 129 S. Houghton. The party is being arranged by Mr. and Mrs. Lee Hewitt, with whom he lives. Mr. Hewitt is his grandson.

Mr. Harrington, a member of St. Francis de Sales church, is in fairly good health, enjoys visiting and going for walks and follows professional and collegiate baseball and football.

George Mathison, executive secretary of the International Luge Assn., informs us that the world's championship luge racing matches held at Hayward July 28 will be featured on television's Wide World of Sports program Saturday, Oct. 12 . . . The Luge will be a part of a 90 minute sports show.

★ ★ ★
Mel Peterson, former Stephenson star and the Upper Peninsula's all-time basketball scoring king, is receiving a tryout with the Baltimore Bullets of the National Basketball Assn. . . . Peterson recently received his discharge from the Army where he was a member of the team that competed in the Pan-Am games last year . . . Peterson was one of the leading college scorers in the nation in a four-year career at Wheaton.

★ ★ ★
The Ironwood Red Devils will be seeking revenge for their only defeat of last year when they entertain Menominee Saturday night . . . The undefeated, untied Red Devils have registered triumphs over Wakefield, Iron Mountain, Superior East, Hurley, Calumet and Bessemer to date . . . Menominee spoiled a perfect season for Ironwood last year, trimming the Red Devils 20-7.

★ ★ ★
Jim Webb, fullback from Iron Mountain, has carried the ball 23 times for 70 yards for Western Michigan's Broncos this fall . . . Another former Iron Mountain athlete, Larry Bartolomeo, has seen steady action as a tackle . . . Western has lost three straight to Wisconsin, Central Michigan and Miami of Ohio.

★ ★ ★
The Soo Blue Devils have two undefeated athletic teams this fall . . . The grid team has won six straight games and the cross country team is unbeaten in five starts . . . Jody Kline led the Blue Devil runners to a 24-32 victory over Pickford in their last outing.

★ ★ ★
Following Kingsford's Dick Berlinski in the Upper Peninsula individual scoring race this fall is Jack Spuhler, fullback on the unbeaten Soo Loretto team . . . Spuhler has 85 points after scoring seven touchdowns in his last two games against Engadine and Rudyard . . . Loretto scored 128 points as a team against those two victims.

★ ★ ★
Marquette and Negaunee will resume the oldest Upper Peninsula high school football rivalry this weekend at the Miner gridiron . . . The teams played the first game in their long series in 1894 . . . Escanaba High School played its first football game three years later.

★ ★ ★
Leading candidates for this year's Floyd Barber Trophy, symbolic of Upper Peninsula prep football supremacy, are the four major undefeated schools entering this weekend's action . . . They are Soo, Kingsford, Stambaugh and Ironwood . . . All are previous Barber trophy winners . . . Stambaugh was the first Barber Trophy winner in 1949, Ironwood won it in 1953, Kingsford in 1955 and Soo in 1956.

★ ★ ★
In case you've forgotten, the Barber Trophy was put into circulation in 1949 by members of the Sault Ste. Marie team of 1913, in honor of their late coach, Floyd Barber . . . The donors of the trophy designated the Upper Peninsula Sports Writers Assn., as the body to name the team that would receive the handsome gold trophy each year.

Torres Defeats Young Fullmer

TEANECK, N.J. (AP) — From the mood in the dressing rooms, you couldn't tell who won Wednesday night's Jose Torres-Don Fullmer middleweight bout.

Torres, declared the winner of the slow-starting 10-round scrap, was disappointed with his performance and demanded a return bout.

Down the hall, Fullmer and his brother, Gene, the former middleweight king, were happily posing for pictures and amiably greeting well-wishers.

"I want to fight him again," Torres said. "I want to beat him the way I should. When I was stopped by Florentino Fernandez last May, for my only defeat, I fought better than I did this time. I felt real good but my per-

Bo Belinsky, picked by many as the athlete most likely to succeed in getting traded without really trying, turns out to be the first man the Los Angeles Angels have signed for 1964.

Belinsky, in fact, is the first player in the major leagues to come to terms for next season. And nothing could put Bo more hilariously out of character than getting something done early. The only thing he's ever done on time before is buy cars.

Until very recently, Belinsky was just about certain he'd be traded this winter. And if they didn't trade him, he figured, they'd perform so much surgery on his salary he'd be exempted from the federal income tax.

To his stark amazement, he discovered Wednesday that the An-

Games Friday

Ishpeming at Soo

Newberry at Manistique

Marquette at Negaunee

Games Saturday

Stephenson at Gladstone

Escanaba at Iron Mountain

Holy Name at Munising*

*Non-conference games

Soo's undefeated Blue Devils can clinch no worse than a tie for the Great Lakes Conference championship Friday night when they host the Ishpeming Hematites.

Coach Adolph VanCitters' grididers will carry a 4-0 record into the contest and are undefeated in six starts overall.

Ishpeming, coached by former

Stambaugh athlete Bruno Marana, has won two of three GLC starts. The Hematites are 3-3 overall.

Soo took over sole possession of first place in the conference race by defeating previously unbeaten Escanaba 14-0 last week. Ishpeming, crippled by injuries to two starting backs, lost 6-0 to Marquette.

Esky On Road

Escanaba steps out of conference competition this weekend, traveling to Iron Mountain Saturday afternoon. The kickoff is slated for 2 p.m.

Coach Jerry Cvengros' grididers have recovered from their bumps and bruises sustained in the rugged battle at Sault Ste. Marie and all regulars are slated for starting action against the Mountaineers who have lost six straight starts. The Eskymos will have six juniors and a sophomore in action.

Coach Dick Bonifas' Manistique Emeralds will host Newberry in a homecoming game Friday night. The Emeralds came out of the 14-13 loss to Gladstone in good shape last week with Fran Weber, end and safety, returning to full contact work on Tuesday.

Teams Are Tied

Against Gladstone, the Emeralds gained 174 yards rushing and completed six of 11 passes for 84 yards. Fran Derwin, Mike Sheppard, Steve DeRousha, Jim Love and Rich Hoholik were defensive standouts in the game.

Manistique has a 1-3 record in conference action and has won two of five starts overall.

Newberry, coached by Art Allen, is tied with Manistique in the conference standings and also owns a 2-3 overall record.

The Indians nipped downtown Petoskey 7-6 in their last start with halfback John Hendrickson scoring all the points.

The Marquette Redmen, third in the Great Lakes conference, had Soo and Escanaba with a 2-1-1 record, will invade Negaunee Friday night. Negaunee has lost four straight league starts.

The Gladstone Braves return to their home field for a Saturday afternoon contest against the improving Stephenson Eagles.

Mustangs Host Crusaders

Coach Don Potefenauer's Braves and the Eagles, coached by Axel Anderson, are tied for fifth in the conference with .500 percentages. Gladstone has won two, lost two and tied one. Stephenson has won two, lost two.

The MSU line has taken some of the pressure off the defensemen by crashing in on enemy passers.

Southern Cal's Pete Beathard showed, however, there is no defense against the long bomb when he connected with the end zone score to pull out the game.

Rapid River Runners Win; Teeple First

RAPID RIVER — Coach

Bernie Olson's Rapid River

cross country team

finished first in a field of seven in a

meet run here Wednesday afternoon.

The Rockets finished with 46 points in the team event.

Perkins was second with 53 while Escanaba was third with 79.

Eskymos Class C-D champion.

Members of the winning

Rapid River team were Dick

Forslund, Jim Murray, Fred

Wilhee, John Stone and

Duane Proehl.

Two members of Coach

Vestich's Perkins team led

the way at the tape. Tom

Teeple won his second

straight individual victory

with a time of 10 minutes,

50.9 seconds. Dave Simonson

was second and Jeff Jurnu

of Escanaba third.

Boston Celtics play host to Holy Name in renewal of their Little Brown Jug rivalry. Kickoff is listed for 2:15.

Munising suffered a surprise upset at the hands of Stephenson last week and is fourth in the league with a 3-2 record.

Holy Name had fashioned four straight victories before bowing to Kingsford 27-7 last week. Coach Bill Earle lost the services of halfback Jim Berish with a foot injury in that game.

The rest of the Crusader regulars are expected to be ready for full-time duty.

Prune Cake Feeds A Dozen People

By CECILY BROWNSTONE
Associated Press Food Editor

Feeding a lot of people? Then you might like to offer this cake, with a pudding-like texture, as a sweet ending to the meal. It's baked in a big rectangular pan and will serve a dozen or more.

One of the interesting features of this dessert is that it's made with salad oil. That ingredient got a boost a dozen or so years ago when a famous Chiffon Cake included it; recently interest in using it has increased because such oils as corn and safflower are polyunsaturated and tend to lower blood cholesterol levels.

This cake has spices and prunes in it to add to its flavor. Brown sugar and flaked coconut make a delectable frosting.

Supper Cake
2 1/4 cups sifted cake flour
1 teaspoon salt
1 teaspoon baking soda
1 teaspoon each cinnamon, allspice and nutmeg
3/4 cup salad (not olive) oil
2 cups sugar

1 teaspoon vanilla
3 eggs
1 cup buttermilk
1 cup finely chopped walnuts
1 cup well-drained finely cut pitted lightly cooked prunes
Seafoam Frosting
2 1/2 to 1 1/2 cups flaked coconut
Prune Garnish, if desired

Sift together the cake flour, salt, baking soda, cinnamon, allspice and nutmeg. Pour oil into a large mixing bowl; gradually beat in sugar; continue beating about 2 minutes at medium speed of electric mixer. Add vanilla and eggs, one at a time, beating well after each addition. Add flour mixture in four additions, alternately with the buttermilk, beating after each addition until smooth. Stir in walnuts and prunes. Turn into a 13 by 9 by 2 inch pan lined with waxed paper. Bake in a moderate (350 degrees) oven about 50 minutes or until cake tester inserted in center comes out clean. Place cake in pan on wire rack for 10 minutes; turn out on a large rack; turn right side up and finish cooling. Spread top and sides of cake with Seafoam Frosting; sprinkle with coconut; top with Prune Garnish if used—walnut-stuffed prunes rolled in superfine sugar. Makes 12 to 15 servings.

Seafoam Frosting
1 egg white
3/4 cup firmly packed light brown sugar
Dash of salt
2 1/2 tablespoons water
1/2 teaspoon vanilla

Turn egg white, sugar, salt and water into the top of a small double-boiler. Beat with a portable electric beater for 1 minute, until thoroughly mixed. To prevent crystallization, wipe down sugar granules from sides of pan with a fork wrapped in damp cheesecloth. Place over boiling water; beat constantly at high speed until frosting forms stiff peaks—about 4 minutes; several times during cooking stir up frosting from bottom and sides of pan with a wrapped fork. Remove from boiling water. Add vanilla and beat 1 minute at high speed or until thick enough to spread. Makes about 2 cups. Spread immediately on cool cake.

STRETCHING IT — Maria Bueno of Brazil was positively brilliant in beating Margaret Smith and winning the U.S. women's singles championship for the second time at Forest Hills, N.Y.

Registered Nurse Salaries Raised

Salaries for professional nurses in Michigan hospitals are increasing, members of the Michigan State Nurses Association were told in their convention in Lansing.

Avis J. Dykstra, R. N., associate executive secretary, said 1963 survey findings showed general duty nurses received an average beginning monthly salary of \$359 in 1963 as compared to \$344 in 1962.

Of the 227 hospitals which took part in the survey, two-thirds provided salary increases for R.N.s this year. As of July, 24 per cent of the responding hospitals reached or exceeded the recommended

Burke To Speak On Soviet Ties

President Kennedy's proposal to join the Soviets in a manned flight to the moon is expected to be discussed by Admiral Arleigh A. "31-Knot" Burke when he makes his first partisan political speech Oct. 26 at a Republican fund-raising dinner in Ishpeming.

The former chief of naval operations and member of the joint chiefs of staff, has become an outspoken critic of the national defense policies of the Kennedy Administration since his retirement from service in 1961.

The Peninsula-wide benefit dinner, sponsored by the Upper Peninsula Republican Finance Committee, is scheduled for 7 p. m. in the Armory, following a 6 p. m. reception.

A graduate of the University of Michigan, Burke made news last month by calling President Kennedy's proposal for a Soviet-U. S. manned moon flight "very premature." The Admiral believes the U. S. is "going much too fast" in a campaign to woo the friendship of Russia. He fears the United States "will be taken" through Kennedy's impulsive desire to accommodate the Kremlin.

Tickets for the fund-raising dinner may be obtained from GOP chairmen in each of the Upper Peninsula's 15 counties. Dr. Fred C. Sabin of Marquette is general dinner chairman, Jean Worth of Escanaba is chairman of the program committee and Ogden Johnson of Ishpeming is in charge of arrangements.

SO WHO WANTS TO
COLUMBUS, Ohio (AP)—That taunt "you'll never get it off the ground" wouldn't disturb a group of aerospace research specialists who gathered here recently. The conference, sponsored by the American Institute of Aeronautics and Astronautics, dealt with flight simulators—equipment which can be used to duplicate flight conditions and problems without actually leaving the ground.

Local teachers, Mrs. Ruth England and Mrs. Mae Hutt, will attend the M. E. A. convention in Escanaba.

The W. S. C. S. met Tuesday evening in the church annex in Germfask with Mrs. Roy McDowell and Mrs. Frank Morden, hostesses.

Nancy Ketola attended the birthday party for Kevin Dorian at Germfask.

Mike Sadler has returned

from Rochester, Minn., where he accompanied his father, Earl Sadler, who is entering Mayo Clinic.

Mr. and Mrs. Roy McDowell returned Monday from a weekend visit with relatives in Racine.

Warren Anderson and son, Wayne, went to Marquette where the latter received a check-up on his hip condition.

Mr. and Mrs. William French and family of Havana, Ill., are spending a week at the guest cabin at Seney Refuge and visiting friends.

Mrs. Frena Tull of Trout Lake visited at the Maxson Church during the weekend.

Young people of Mennonite Church held a social at the Town Hall Friday evening.

Mrs. J. J. Riordan, Mrs. Norman Nelson and Mrs. Pearl Smith are leaving Saturday for

Chicago where they will visit relatives.

Mr. and Mrs. Charles Becker and daughter of Ishpeming visited the Norman Nelsons.

Mrs. Jennie Nelson is visiting her sister, Mrs. Alice Haney, in Grand Marais.

Perkins

Mrs. Mary Barron, Nancy, Janet, Diane and Jim Barron and Mr. and Mrs. Louis Heynsen motored to Houghton on Sunday to visit with Tim Barron, who is a freshman at Michigan College of Mining and Technology.

Mr. and Mrs. Levi LaVergne of Plymouth and their guests, Mr. and Mrs. LeRoy Mitchell, also of Plymouth, are visiting here and bow-and-arrow hunting.

Joe LaForest of Detroit arrived

Car Output Set Record In 1963

By CHARLES C. CAIN
Associated Press Auto Writer
DETROIT (AP) — It's official now—the 1963 model run was the biggest in the history of the U.S. automotive industry.

Final figures compiled by the Automobile Manufacturers Association showed U.S. auto plants turned out 7,339,992 passenger cars during the 1963 model run. This eclipsed the old mark of 7,146,119 set in the 1955 run.

The 1963 total was over 650,000 ahead of last year's figure.

Chevrolet retained its position as the No. 1 builder as it built 1,593,257 standard size Chevrolets during the '63 run, while its biggest competitor, the Ford Galaxie, settled for 845,292.

It marked the fourth consecutive year in which Chevrolet held down the No. 1 production spot. It last yielded the leadership to Ford in 1959.

The AMA figures, which generally are conceded to be the official ones for the industry, were released just as the 1964 model production and sales year was swinging into high gear.

The U.S. auto industry has scheduled more than 800,000 units to be built this month and numerous reports of strong sales around the country led many observers to believe that the 1963 model year record would not last very long.

ed here Sunday to visit with Mr. and Mrs. William Trudell. Other visitors at the Trudell home recently were Mr. and Mrs. Arnold Trudell of Crystal Falls.

A Comparison Of Financial Statements Quickly Measures Strength - Public Acceptance - Ability To Serve

Since 1871 First National has been growing, gaining strength and stability, adding to its capital and reserves, increasing total resources so as to better serve the banking needs of all those who live, work, do business in this area. Our financial statement reflects this endeavor to be a strong, safe bank. It also reflects the extent to which we are serving our community. First National has the largest share of all area money on deposit in either savings or checking accounts. Comparing loan outstandings with other statements, more people have borrowed more money from First National; and we are anxious to lend still more to help people of our community to get more out of life.

It takes years, it takes the individual effort of many to build a bank, to fashion this financial statement in which all of us at First National take pride. Most of all, it takes a loyal community, the support and following of many bank customers who choose to use our service. Banking is based on a cycle of succeeding events. Granted, our incorporators invested the initial funds to capitalize our bank. Since then, however, it has been the steady deposit growth of our customers' accounts and regular additions to capital and reserves from earnings which have put our bank in this strong financial position, capable and desirous of meeting requests for any banking service.
